CLUB RECORDS

The club records have been compiled from past annual reports and scorebooks. Early records are based on the annual reports only, where some player information was not recorded for all grades. All of the scorebooks up to 1985/1986 were lost with a small number after this time also missing. From 1988/1999 there are full listings of all player statistics in the annual reports which have been used where any scorebooks were missing. We are currently cross checking all the records between the scorebooks and annual reports so there may be some records still incorrect. Until this process has been completed, we cannot validate that all the records are correct. If any player finds that his records are incorrect from the information that he has kept, then we would be happy to check & update our records. Once we have checked all the records we will indicate which player information is incomplete in future annual reports. The First Grade statistics are now based on all competition formats that are a part of the Competition run by the Sydney Cricket Association.

Jim West Memorial Trophy – All-rounder of the Year

Jim served as a player and administrator from the early 1950's until his passing in January 1978. He played and coached at the Sackville and Cavaliers Cricket clubs in the Southern Districts Association, which is now the Fairfield-Liverpool Cricket Association, and was awarded life membership at both clubs. Jim was a very good spinner who was renowned for his sense of fair play, and as an administrator was always willing to undertake the jobs that many would overlook. He was rewarded with life membership of the FLCA for his dedicated service and commitment to cricket in the area, and this trophy was named after him in recognition of his achievements in the local area.

Criteria:

It is decided from the combined batting, bowling, catches & dismissals for the season.

It is decided from all the games played by a player throughout the season.

Only those games that form part of the overall competition are eligible. It does not include PG's or Green Shield.

Result:

Points are calculated as follows:

Runs – 1 point per run.

Wicket – 10 points per each wicket.

Catches/Dismissals – 10 points per each catch and/or dismissal.

2019-2020:

The current committee elected to stop this trophy. It was decided to give more importance to the Grant Lambert Medal. It is to be calculated under the same criteria.

Double Wicket Champions

The double wicket comp used to be a thing that was popular before indoor cricket started where a pair batted and the rest of the fielders all bowled an over each. Once indoor started it pretty quickly died out.

Sean Pope Trophy – Most Dismissals by a Wicket Keeper

Sean was captain of the Club’s inaugural 1st Grade premiership side and was a major figure in the rise of the Lions on and off the field. In his 118 matches for the Lions, Sean scored over 2800 runs and took in excess of 150 dismissals. He won the most catches award 3 times and was also named in the Club’s best XI of the first 21 seasons.

This award was established in 2003/2004 season.

Prior to this season it was known as the DW Byrne Trophy – Most Catches & the records show that it was mainly won by wicket keepers. In order for the fielding players to be eligible for a catching award it was decided by the committee of the time to create this award and a separate award for the fielders.

It has been asked of the committee as to why there is not an award for 1st Grade & a separate one for the lower grades due to 1st Grade playing more games. It was discussed & the records show that this award on a number of occasions has been won by a keeper in a lower grade and therefore a lower grade keeper is capable of winning this award on lesser games.

Criteria:

It is decided from the combined dismissal figures for the season.

It is decided from all the games played by a player throughout the season.

Only those games that form part of the overall SCA competition are eligible. It does not include PG’s or Green Shield.

Result:

Wicket keeper with the highest total of dismissals (catches and stumping’s) for the season.

Grant Lambert Medal – Player of the Year

Grant is regarded as one of the finest players to have played Grade/Premier cricket in NSW. From 350 matches for the Lions, Grant has scored over 12,500 runs including 24 1st Grade 100's with a highest score of 232, and taken 681 wickets. Amongst other accolades he is a 3 time winner of the Bill O'Reilly medal for the SCA Player of the Season, winner of the John Benaud medal for the Player of the 1st Grade Grand Final and the David Warner medal winner for the player of the T20 Grand Final. He broke the all time 1st Grade run scoring record that had stood since 1943/1944, and became only the 2nd 1st Grade player to reach 10,000 runs and 600 wickets in the 125+ years of the competition. Grant was a member of both the 2001/2002 and 2005/2006 premierships sides. He also played 39 first class matches for NSW, and is a 7 time winner of the Lion's Player of the Year. He was awarded Life Membership of the Lions in 2009 and it is only fitting that the Club's major award is named in recognition of all of his achievements for the Lions.

Award was first given in the 1982/1983 season.

Up to and including season 2002/2003 there was only one award given.

In season 2003/2004 it was decided by the committee of the time that due to 1st grade playing additional games the creation of a second award for 1st grade was established.

First grade competed against each other and grades 2 to 5 competed against each other. In 2011/2012 season it was decided to return the system back to where only those games where all grades play should be the ones to decide the outcome.

In 2011/2012 it was decided by the committee at that time to name this award in honour of Grant Lambert.

Criteria:

Decided from rounds 1 through to 15, games where all teams participate.

At the end of each round players are awarded points on a 3, 2, 1 basis.

These points are accumulated and the player with the highest number of points at the end of the 15 rounds is deemed the winner of this award.

Where a player might play different grades and receive points, they are all combined. It does not include PG's or Green Shield.

2019-2020:

The current committee elected to give more importance to this trophy.

The criteria is now decided on the combined batting, bowling, catches & dismissals for the season. It is decided from all the games played by a player throughout the season.

Only those games that form part of the overall competition are eligible. It does not include PG's or Green Shield.

Points are calculated as follows:

Runs = 1 point per run.

Wicket = 10 points per each wicket.

Catches/Dismissals = 10 points per each catch and/or dismissal.

GIBSON CUP

The **GIBSON CUP** was donated in 1948 by Mr. A. G. Gibson, the President of the Camden District Cricket Association, for competition between the Cricket Associations forming the Hawkesbury Cricket Council (HCC).

The Hawkesbury Cricket Council formed part of the NSW Country Cricket Association.

The Associations involved in the HCC were: -

- Camden
- Nepean
- Hawkesbury
- Blue Mountains

Southern Districts (now known as Fairfield-Liverpool) was added to the competition in 1959.

Blue Mountains had ceased competing in the Zone by the late 1950's.

The first winner of the Gibson Cup was fittingly, Camden.

The Cup was competed for annually on a home and away basis until the HCC was disbanded in 1978.

During the 30 year period of competition, the Cup was won, or jointly won, by:- •

Camden on 8 occasions

- Nepean on 10 occasions
- Hawkesbury on 9 occasions
- Southern Districts on 6 occasions.

The HCC was disbanded as a result of a re-organisation of the Country Zones and the desire to extend the Sydney Cricket Association (SCA) to include clubs from Sydney's expanding population to the western area.

By the mid-1980's all four former HCC clubs had been admitted to the Sydney Premier/Grade Cricket Competition.

In 1994 the Gibson Cup was located and remodelled as a project to celebrate the Hawkesbury Bi-Centennial.

Competition was resurrected and points are earned when any two of the former clubs play one another in a SCA fixture.

By reality, all Clubs do not play the same number of games during the course of a season, thus the winner is determined on a percentage basis of wins to games played or games scheduled to be played.

Points are earned in matches from First to Fifth Grade, the Poidevin-Gray Shield and the A.W. Green Shield competitions.

The inaugural winner of the revamped competition was Campbelltown-Camden.

During the intervening twenty-three seasons the Cup has been won, or jointly won, by:-

- Penrith on 16 occasions
- Campbelltown-Camden on 2 occasions
- Fairfield-Liverpool on 6 occasions

The trophy is currently displayed in the Club Pavilion at Howell Oval, Penrith and will form part of the Club's 2016/17 presentations.
